FOREST MONASTERY AND RETREAT CENTRE

## Seeking Support for Bodhi Tree Forest Monastery

Dear Dharma Friends,

We all can empathise with the stress and disruption that the current coronavirus pandemic is causing. It's affecting our health as well as financially, thus testing our resilience. It will relieve the mental stress if we take refuge in our Dharma practice and relate with compassion to the distress and turbulence this pandemic is having on people worldwide.

Here at Bodhi Tree, we've had to cancel the 3<sup>rd</sup> April Mindfulness Meditation Workshop and the Easter Vipassana Retreat with over 30 participants. But we will resume the retreats and the teachings as soon as the crisis passes.

Like us, many Not-For-Profit, Charities are financially stressed. We are down to our last operating costs as our bank balance is now down to a small buffer with only operating expenses for the next three months or so.

So I'm seeking your support to help us maintain the monastery's activities. Bodhi Tree will continue with its Rainforest and Koala Habitat Restoration and offer its services on a donation basis into the future with I hope your support.

If you wish to make a regular donation perhaps monthly it will help to maintain the running cost of Bodhi Tree Forest Monastery or a one-off donation, either online or as a bank transfer.
